The host government and intern will review the work plan and set goals and objectives at the beginning of the internship and periodically review over the course of the placement. The objectives of the work plan are to:

- Demonstrate and support the host government's commitment to guide the intern's mentoring, training and learning through a structured plan
- Indicate the extent to which the intern will be exposed to the key aspects of local or Indigenous government administration and operations to understand and further competencies essential to government structure, management and operations.
- Support the intern's professional development through contact with several experienced and knowledgeable individuals and information from various resources
- Clearly articulate the duties to be performed and qualifications required by the host local or Indigenous government for the position

The work plan is customized by the host government and can be either project based, or department based. Interns can expect to gain training and exposure in the following areas:

- Governance and administration
- Financial services
- Planning and development services

## Networking and Professional Development

Interns participating in the local government internship program and Indigenous government internship program are encouraged to attend relevant training, networking and professional development opportunities. Local government interns are required to participate in the Municipal Administration Training Institute (MATI) Foundations course. Professional development opportunities are approved by the host government. Interns are encouraged to participate in ongoing discussions with each other, including required monthly group calls.

## Ongoing Support

The host local or Indigenous government and intern will receive ongoing support throughout the internship. The program does not guarantee permanent employment with the host at the end of the internship. Northern Development and host local and Indigenous governments are expected to promote the interns to other local and Indigenous governments in central and northern B.C. to fill permanent career opportunities.

## Remuneration and Compensation

Local and Indigenous governments approved as hosts under the internship program receive a grant to support with the cost of hosting an intern for a 12-month period. Interns receive compensation funded jointly by Northern Development and the host local or Indigenous government. Compensation is as follows.

- The intern will receive a base salary of \$45,000 for the 12-month placement. A minimum of 10 days vacation over the 12-month term or 4% vacation pay is required
- There is a \$5,000 professional development allowance to support registration and travel costs related to training and professional development for the intern
  - Participation in the Municipal Administration Training Institute (MATI) Foundations course is a requirement of the local government internship. Northern Development will pay the MATI registration fee from this allowance and the remaining balance may be used to support further training and professional development opportunities
- Up to \$10,000 may be provided as a housing allowance (see “Housing Allowance”)

## Housing Allowance

Local and Indigenous government interns may be provided a housing allowance of up to a maximum of \$10,000 to support the cost of rent. Interns who have a monthly rent greater than \$1,000 are eligible to apply to the housing allowance and if approved, will be provided the difference in excess of \$1,000. (i.e.: if the cost of rent is \$1,300, the intern would be eligible for \$300 monthly up to a maximum of \$10,000 over the 12-month term).

To apply, the intern will be required to e-mail a copy of the signed tenancy agreement and receipts as required, to Northern Development for review and approval. If approved, the program director will forward confirmation to the intern and host government directly.

Funds are paid by the host government and reimbursed to the host by Northern Development at the end of the placement in accordance with the final report. The funds are distributed to the intern, in addition to salary, on their paychecks as a taxable benefit.

Note – If the intern should vacate the tenancy prior to end of lease date, the housing allowance will be pro-rated to reflect the number of days the intern occupied the tenancy. Northern Development recommends the housing allowance not exceed \$850 per month to mitigate overpayment if the housing allowance is pro-rated.

## Eligible Expenses

The following expenses are eligible to be covered under the housing allowance

- Utilities that are included in cost of rent (water, sewer, gas)
- Additional costs included in rent (i.e.: parking, internet, etc.)
- Rent greater than \$1,000 that is shared by a spouse/ partner
- Intern's portion of the rent greater than \$1,000 after splitting between others in the dwelling (i.e.: If an intern has a roommate and the total rent of \$2,200 is split two ways, the intern would be eligible to apply)

## Ineligible Expenses

The following expenses are not eligible to be covered under the housing allowance

- Additional associated costs with tenancy that are not included in overall cost of rent (i.e.: telephone, internet, cable, parking, etc.)
- Rent that is shared by others in the dwelling, where the intern's portion of rent is less than \$1,000. (i.e.: If an intern has two roommates and the total rent of \$1500 is split three ways, the intern would not be eligible to apply)
